

PASSENGER TRAIN HITS FREIGHT ON VIADUCT

Que Man Has Wrist Broken in
Wreck Near City Gas
Works.

BLAME PLACED ON OPERATOR

Allowed Passenger Train to Proceed
Before Extra Freight Had Cleared
Crossing, Explains Superintendent
Ford—Track Rapidly Cleared.

Passenger train No. 16 of the Chesapeake and Ohio Railway crashed into the caboose of extra freight train No. 3 on the westbound tracks of the viaduct at 8:10 o'clock, the engine of the passenger train driving itself into the caboose several feet. Ticket Agent C. W. Morris, of the Chesapeake and Ohio, said that the train was due to arrive at Main Street Station at 8:10 o'clock, suffered a broken wrist and several other passengers were cut and bruised, but with these exceptions there were no injuries. Conductor C. B. Smith, of the freight train, saw the engine of the passenger train bearing down upon the caboose in which he was sitting, and realizing that an accident was inevitable, jumped from the car to the eastbound tracks. He escaped injury by doing so.

PLACES BLAME ON TELEGRAPH OPERATOR

Superintendent E. Q. Ford, of the company, said last night that the accident was caused by the negligence of the telegraph operator at "R" tower, in the Fulton yards. He said that he had talked with Operator Coleman, and that the man was unable to give any excuse for allowing the passenger train to run onto the viaduct while the freight was awaiting orders to proceed upon the James River Division. He said that he was worried by financial troubles. The superintendent said that the freight was being held on the viaduct awaiting orders when the passenger train arrived at Fulton. No stop was made there, and the train was allowed to proceed on its way to Main Street Station. The viaduct is curved in a number of places in this section, and Engineer C. Lindley could not see the rear lights of the freight train until he rounded the curve near the Gas Works. When he did see them he at once applied emergency brakes, and succeeded in stopping the train. Superintendent Ford said, however, the engine was propelled suddenly to bury itself up to the smokestack in the rear of the caboose. The wreck was cleared in about four minutes, and the passenger train proceeded to the station.

Suspected of Stealing Oysters.

Frank Sadler, colored, was last night arrested by Mounted Officer Whitlow charged with being a suspicious character suspected of stealing five gallons of oysters from R. H. Hawks, 728 West Broad Street. The man will be arraigned in Police Court to-morrow morning.

Gibson Arrested.

George H. Gibson, twenty-six years old, who told the police that his home was in Georgia, was last night arrested by Police Officer Crenshaw on a warrant charging him with larceny of \$50 from N. B. Miller. It is said that Gibson made a draft on an uncle and had Miller endorse for him. Miller telegraphed the uncle and learned that he had refused to honor the draft. He thereupon issued the warrant, claiming that Gibson had represented to him that there would be no trouble about the draft. The case will be heard in the Police Court to-morrow.

Overcome by Gas.

Frank J. Morfoni, Jr., 616 West Grace Street, was yesterday overcome by gas while taking a bath at his home and was rushed to St. Elizabeth's Hospital for treatment. He soon recovered. This is the first case reported to the police since the new hospital reports were distributed. Detective-Sergeant Willy yesterday visited each hospital in the city, leaving with the superintendent copies of the regulation report and also copies of the city ordinance requiring prompt reports of all accident and assault victims brought them for treatment.

WILL HEAR DAMAGE SUIT AGAINST 10-CENT STORE

Case of Lella Gertrude Wade to Be
Tried To-Morrow in Hust-
ings Court, Part II.

GIRL SAYS SHE WAS INSULTED

Accused of Shoplifting and Searched
by Employees of J. G. McCrory Com-
pany—Quotes Letter of Man-
ager in Her Declaration.

The \$10,000 damage suit of Lella Gertrude Wade against the J. G. McCrory Company, owners of a 5 and 10-cent store at 417-21 East Broad Street, will be heard in the Hustings Court, Part II, to-morrow.

Miss Wade, who is suing by John C. Wade, her father, alleges that on February 4, 1914, she went into the store to make a purchase, buying a roll of paper, for which she paid 10 cents. When she was in the act of leaving the store, employees stopped her, claiming that she had stolen goods, and carried her to the rear of the store, where she was searched. No stolen articles were found on her, and she was released.

The second amended declaration charges that R. P. Alvey, the manager of the store, wrote and caused to be published the following statement: "We stand ready to fight this case to a finish, and want it clearly understood, will entertain no proposition of compromise whatsoever. We only regret we will be forced to make an example of this child, which we will certainly do, for, with the evidence

What Does Your Mirror Say to You

If Your Face Is Not Fair You Are Not
Fair to Your Face. Use Stuart's
Calcium Waters and Baulish
Pimples, etc.

Before beauty can ever be realized it must have a complexion that adds to its lustre, that makes a magnificent face contour radiate an artistic color. The charm of all beauty rests chiefly in the clear skin, the clear blood, the soft cream-like complexion.

Stuart's Calcium Waters act directly upon the sweat glands of the skin, through their action is to stimulate the excretory ducts, so they do not create perspiration, but cause the skin to breathe out vigorously, thus transforming perspiration into a precious vapor. The calcium sulphide of which these waters are composed consumes the germ poison in the sweat glands and pores, hence the blood makes a new, smooth skin in a surprisingly short time.

You will never be ashamed to look at yourself in a mirror, once you use Stuart's Calcium Waters. Not only will your friends give you the glowing look, as much as to say—'for goodness sake, get rid of those pimples.' There is no longer any excuse for any one to have a face disfigured with skin eruptions, when it is so easy to get rid of them. Simply get a box of Stuart's Calcium Waters at any drug store and take them according to directions. After a few days you will hardly recognize yourself in the mirror. The change will delight you immensely. All blemishes will disappear. All druggists sell Stuart's Calcium Waters at 50 cents a box. A small sample package mailed free by addressing F. A. Stuart Co., 170 Stuart Bldg., Marshall, Mich.—Adv.

"ON TIME"

Miss Bertie L. asks: "What remedy can you recommend to reduce obesity safely? I want to reduce about thirty pounds."

Answer: I rely on five-grain arbolone tablets as being the most effective and convenient to reduce abnormal fat. Druggists supply these in sealed tubes with complete directions. After the first few days a pound a day is not too much reduction.

Mrs. M. D. D. asks: "Do you think it is possible for me to increase my weight from 97 pounds to about 125 pounds?"

Answer: Yes, I believe that the regular use of a special tonic tablet will do this for you as it has for thousands of others. Ask your druggist for three-grain hypo-nuclease tablets in sealed package with full directions. Take them for several months to get the full benefit.

"Ray" writes: "I am a sufferer from bronchial trouble, but have been told not to seem to help me; what would you suggest?"

Answer: To cure chronic cold, sore throat and bronchitis I would advise the use of concentrated essence of the laxene. Purchase this at any drug store in 25c packages and mix according to directions given on bottle and you will very shortly be relieved of all bronchial trouble. This will not only relieve, but will correct, and is very pleasant to take.

"Sister" asks: "I have a younger sister who is affected with what is termed green sickness, also catarrh of the stomach. She is losing strength and her health is quite poor. What do you advise?"

Answer: Such cases should adopt both tonic and local treatment. For a tonic and flesh builder have her take three-grain hypo-nuclease tablets. For local treatment get either a two or eight-ounce package of antiseptic Vaseline Powder and follow carefully the directions for catarrh of the head and pelvic catarrh. Great relief and recovery should soon be manifested if this splendid treatment is followed.

at hand, and six eyewitnesses to testify to her acts, three of whom, being outsiders, we feel confident of being able to meet out to her the punishment she deserves, while we refrain from doing at the time for reason of her years and publicity of her family." This statement, the plaintiff says, she considers very insulting.
